By application filed November 11, 1981, Call-A-Messenger, Inc. (CAM), seeks authorization to operate pursuant to WMATC Special Certificate of Public Convenience and Necessity No. 1 under a contract with the United States Department of Energy (DOE), transporting DOE employees, together with mail, express and baggage, in the same vehicle with passengers, over irregular routes between DOE facilities as follows:

- A) Between 12th and Pennsylvania Avenue, N. W., and the Forrestal Building, 1000 Independence Avenue, S. W., serving 2000 M Street, N. W., as an intermediate pickup and discharge point.
- B) Between 12th and Pennsylvania Avenue, N. W., and the Forrestal Building, serving 600 E Street, N. W., an intermediate pickup and discharge point.

Order No. 2276, served November 12, 1981, generally described the evidence submitted with the application and that order is incorporated by reference herein. The Commission directed publication of notice of the application and provided for the filing of protests, if any. Notice of the application was duly published and no protests were received by the Commission.

Commission Regulation No. 70 provides that the application will be granted if it is determined that the applicant is fit, willing and able properly to perform the proposed service and to conform to the provisions of the Compact and the rules, regulations and orders of the Commission thereunder, and if it is determined that the proposed operations conform to the provisions of Regulation No. 70. The issue of whether the public convenience and necessity require such service has been determined in Case No. MP-79-04. See Order No. 2004, served June 20, 1979.

Inasmuch as the contract is for a fixed term of at least 181 days and provides for the transportation of employees pursuant to a contract with their employer, the Commission finds that this application conforms to the requirements of Commission Regulation No. 70. It is further found, based on the evidence of record as described in Order No. 2276, that applicant is fit, willing and able properly to provide the service described above, and to conform to the requirements of the Compact and the rules, regulations and orders of the Commission thereunder.

An appropriate authorization is attached hereto.
